CREAMY PRÉSIDENT BRIE

Centuries ago, Brie was given as tribute to French Kings and eventually regarded as “the cheese of Kings.” Louis XVI reportedly wished for one last bite of Brie upon his deathbed and the love for Brie has hardly lessened since. Président offers a variety of this versatile, soft cow’s milk cheese with a buttery and creamy taste. Suitable for any modern-day King or Queen.

A TASTE OF PLACE

Agour Ossau - Iraty

The Agour Company has been making its beautiful sheep's milk cheeses since 1981. Voted best cheese in the world in 2006 and again in 2011, this authentic Ossau-Iraty-Brebis-Pyrénées is made from pure sheep's milk in an area that unites two regions of France in the Western Pyrénées: Ossau in the valley of the Bearn, and Iraty in the beech forests of the Pays Basque. Milking is seasonal (December to August) to give the animals time to feed and nurture their babies. This cheese must be made with either Black Head Manech, Red Head Manech or Basco-Bernaise sheep's milk or a mix of the three to bear the AOC label.

It has a natural rind that smells of fresh ocean air that lends a slight brininess to the cheese itself. The paste is smooth and buttery with a warm herbaceous note and pairs well with Jambon de Bayonne and a crisp rosé. While it is an obvious choice for any cheese board, it can be applied in many cooking techniques as well!

CAVE-AGED CHEESE.
**WOOKEY
 HOLE**

FRESH FROM THE CAVES

Wookey Hole has a smooth and creamy mouthfeel and perfect salt balance. Its initial acidity evolves into fruity notes on the palate, and finishes with savory and mildly earthy hints. It's a true crowd-pleaser at gatherings and a delicious snack for kids and adults alike.

*Wookey Hole
 Mac & Cheese*

DESCRIPTION	CASE/PACK	ITEM #
Wookey Hole	8 / 200 G	27738

Taking its name from the caves that impart iconic flavors to the cheese, Wookey Hole is made following a traditional recipe, with milk from local herds that graze on the fields of Dorset. The wheels are cloth bound and aged for 15 months in natural limestone caves near the village of Wookey, where the cave environment imparts distinct and complex flavors to the cheese—a stamp of origin. Wookey Hole is loved for its incredible flavor and texture balance. It's not too sweet and not too salty; not too sharp, but it's also not too mild. It's not too crumbly, with just the right amount of creamy.
